Helping to build strong communities.

The Meredith Village Savings Bank Fund makes grants every year to local non-profits that make a significant impact upon the lives of people in the communities we serve. These grants are in addition to the Bank’s regular contributions and the extraordinary volunteer efforts by our employees.

Established in 1997, the MVSB Fund awards grant-based contributions to non-profit organizations that enrich and improve the quality of life for residents living in the Bank’s service areas. The grant making process seeks to benefit a wide range of environmental, social, educational, economic development, cultural, arts and historic projects throughout the local region.

Over the years, the Fund has supported literacy programs, after-school programs, environmental monitoring as well as education and restoration of historic structures, organizations that provide support for individuals and families in challenging circumstances and equipment that helps save lives. While not focused on a particular category, Fund administrators are mindful of the receiving organizations and their contribution to the quality of life in the communities served.

ELIGIBILITY & CRITERIA

Directors of the Meredith Village Savings Bank Fund look for opportunities where a modest amount of funding can help an organization accomplish a significant result. Grants generally range from $5,000 to $25,000. The review process is highly competitive, and the board seeks the most productive uses for the limited funds available.

Proposals are sought from organizations which demonstrate in their application:
• Tax exempt status under Section 501(c) 3 of the Internal Revenue Code and/or public agency status
• A primary base of operations in MVSB’s market area
• A proven history of providing value to the local community
• Organizational sustainability
• The ability to leverage other funding and/or voluntary support
• The ability to provide the most value with the requested funding
• Cooperation or collaboration with other organizations for greater impact
• Beneficial usage of previous funding supplied by the MVSB Fund (where applicable)

Grants are generally not awarded:
• To the same organization multiple years in a row
• To replace public funding or for purposes which are a public responsibility
• For political, sectarian or religious purposes
• For deficit reduction or to support activity which has already been completed
• To support academic research
• For travel out of state by school or youth groups or by individuals for scholarly or professional purposes.
