Online Banking and the MVSB Mobile App

Life is mobile. So is your bank.

Regular business hours are so yesterday. Bank the way that is most convenient for you, any time!

Online and Mobile Banking

With MVSb's online and mobile banking services, you can conduct your banking from almost anywhere!

- View your account balances, transactions and statements
- Pay your bills and schedule transfers to ensure payments are never missed
- Send and receive money with Zelle®¹
- Set saving GOALS to automate your savings
- Link your accounts at other banks to see all of your finances in one place
- Set up and view alerts
- Download or sync your transactions to your accounting software
- Place stop payments and dispute unauthorized transactions
- Update your card information with online retailers
- ... and more!

¹U.S. checking or savings account required. Zelle and Zelle related marks are wholly owned by Early Warning Services, LLC and are used herein under license.

Featured Services

Mobile Deposit

Making deposits to your accounts is a real snap! With mobile deposit, depositing checks is as easy as taking a photo on your mobile device.

eStatements

Choose to receive your statements electronically instead of through the mail. Click or tap Statements in the Services menu to get started.

Zelle®

A fast, safe and easy way to send money to friends, family and other people you trust.¹ Whether you're paying rent, gifting money, or splitting the cost of a bill, Zelle® has you covered.

Savings GOALS

Pay yourself first and keep your targeted savings separate from your regular spending and savings accounts with GOALS. Monitor your progress at-a-glance and add extra money at any time to reach your target faster. Find GOALS directly above your Accounts in online banking and the app.

CardSwap

Getting a new debit card doesn't have to be a hassle. Add or update your card with over 150 of the top online retailers, subscriptions and streaming services all in one place. Find CardSwap in the Services menu.

Additional Business Services

We also offer a suite of services to help meet the needs of your business, including: ACH and wire processing, direct deposit, accounts payable and receivable, EFTPS tax payments, payment collections, remote deposit and positive pay. And you can even give your employees access to perform some or all of these functions.

[To learn more about these services or to sign up, please contact our Business Team.](#)

Keep Us Up to Date

Our goal is to keep your accounts safe from fraud without inconveniencing you. In order to meet this goal, please:

1. Keep your contact information up to date so that we can reach you quickly to verify unusual activity. Verify and update your contact information within the Services menu on online and mobile banking, or call or visit a branch for assistance.
2. Let us know when you will be travelling out of the area. This helps ensure our fraud monitoring systems aren't surprised by sudden changes in your account use. Notify us of your travel plans by sending a secure message using the Messages feature in online banking, or call or visit a branch for assistance.

Stay Safe While Banking Online

We employ robust monitoring tools and security protocols to help keep your personal and financial information safe while you bank with us online and from your mobile device, but your cooperation is also imperative. Please:

- Choose a unique and complex password and change your password regularly
- Only log in from secure, private networks
- Always download the latest updates for your operating system, browser and any software you use
- Use a current and reputable anti-virus and firewall
- Don't visit sites or click on links or pop-ups unless you are confident they are legitimate
